

# #RuralHealthMatters

ruralhealthweek.ab.ca

As part of Alberta Rural Health Week (May/June 2023), 47 students from Sundre, Cremona and Caroline learned about healthcare careers at an RhPAP Let's Go Rural! Event. They rotated through 6 different stations: Airway, Lab/Xray, Cardiac, Suturing, EMS, and Dental Hygiene.

RhPAP is the Rural Health Professions Action Plan and is a partner for rural Alberta communities trying to achieve greater access to health care.
